

2025 CruZen Car Care Maintenance Guide

Stay Ahead with These
Essential Tips & Checklists

CRUZEN

Introduction:

Regular car maintenance is the key to ensuring your vehicle stays safe, efficient, and ready for the road ahead. At CruZen, we're here to make it easier than ever with convenient mobile services.

Whether it's a quick oil change, mobile detailing, or roadside assistance, we're just a tap away.

This guide provides you with essential checklists and tips to keep your car in peak condition all year long. Let's hit the road worry-free in 2025!

Monthly Check List

- ☐ Check tire pressure and tread depth
- ☐ Test all lights and signals
- ☐ Clean windshield and check wiper blades for wear
- ☐ Top off essential fluids: windshield fluid, coolant, etc.
- ☐ Look for leaks or unusual smells after parking.

Quarterly Check List

Every 3 months or 3,000 miles, complete these checks:

- | | |
|--|---|
| <input data-bbox="22 1125 109 1211" type="checkbox"/> Check Oil and Oil Filter | <input data-bbox="582 1125 669 1211" type="checkbox"/> Check brakes for wear and noises |
| <input data-bbox="22 1319 109 1406" type="checkbox"/> Inspect battery health and clean terminals | <input data-bbox="582 1319 669 1406" type="checkbox"/> Rotate Tires |

Seasonal Maintenance Tips

Winter:

- Check antifreeze levels and battery health.
- Replace wipers with winter-grade blades.
- Prepare an emergency kit (jumper cables, blankets, etc.).

Spring:

- Inspect for winter damage (tires, undercarriage, etc.).
- Deep clean the car to remove salt and grime.
- Check the A/C system for functionality.

Summer:

- Monitor coolant levels and watch for overheating.
- Inspect tires for wear from heat and long drives.

Fall:

- Check heating and defrost systems.
- Inspect tires for winter readiness (consider snow tires).
- Replace wiper blades for optimal performance.

Annual Maintenance Checklist

Once a year, schedule a professional checkup for:

☐

Comprehensive vehicle inspection by a trusted mechanic.

☐

Test all lights and signals

☐

Clean windshield and check wiper blades for wear

☐

Top off essential fluids: windshield fluid, coolant, etc.

☐

Thorough Cleaning and Waxing
A deep clean and application of wax protect your car's paint and preserve its resale value.

Proactive Tips for Stress-Free Maintenance

- Use CruZen's app to schedule services like mobile oil changes or detailing.
- Set reminders in your calendar to keep track of monthly, quarterly, and annual tasks.
- Address small issues early to avoid costly repairs later.
- Wash Regularly, Especially After Winter
Salt and grime from winter roads can cause corrosion. Regular washes help prevent this.
- Replace Wipers Twice a Year: Worn-out wipers can damage your windshield and reduce visibility during bad weather.
